Nicolas Nogueira

Framingham, MA | (508) 361-8847 | nnogueira2@students.stonehill.edu
Portfolio: nicolas-nogueira.github.io/personal-portfolio | GitHub: github.com/nicknogueira

EDUCATION

Stonehill College — Easton, MA **Expected Graduation: May 2027**
B.S. in Computer Science | Minor: Business Administration & Data Analytics
Awards: Dean's List (Fall 2025, Spring 2026) | Hispanic Scholarship Fund | Ronald E. Burton Scholarship | Yawkey Endowed Scholarship

TECHNICAL SKILLS

Programming: Python, Java, JavaScript, R
Data Science & ML: Pandas, Scikit-learn, Matplotlib
Web Development: HTML, CSS
Data Visualization: Vega-Lite
Tools: Git, GitHub, Excel, IT Service Desk Tools

PROJECTS

Predicting Premier League Table | Python, Pandas, Scikit-learn

- Designed and trained a supervised machine learning model to predict end-of-season Premier League standings using 5+ years of historical match data
- Applied data cleaning, feature engineering, and model tuning techniques to improve predictive accuracy; evaluated performance using cross-validation
- Built interactive visualizations with Matplotlib to communicate model predictions and uncover trends across seasons

Counting-BJ (Blackjack Simulation) | Python

- Built a Python simulation modeling card-counting strategies and probability distributions across thousands of randomized blackjack hands
- Aggregated and analyzed simulation results to quantify the statistical edge of different strategies, producing data-driven conclusions on optimal play

EXPERIENCE

Bflexion — IT & Security Intern **June 2026 – Present**

- Researched multi-tenant architecture solutions and produced comparison tables, reports, and lists evaluating possible solutions for upper management review
- Booked 8–10 internal demos and delivered 1 live demo presenting possible solutions to internal teams
- Built an AI-driven threat analysis agent using GitHub Copilot and prompt engineering, pulling from 5 company-provided sources to generate reports, score threat levels, and summarize findings
- Conducted email spam analysis to identify and flag malicious or suspicious messages, supporting the security team's threat detection efforts

Waters Corporation — Milford, MA | IT / End User Services Intern **June 2025 – August 2025**

- Collaborated with senior analysts on enterprise IT operations, gaining exposure to how data and systems support large-scale organizational decision-making
- Tracked and documented IT incidents and service requests in enterprise ticketing systems, identifying recurring issues to improve resolution workflows
- Assisted with IT infrastructure projects including access management, user provisioning, and system configuration for a global scientific instruments company
- Provided technical support for supported devices, applications, and systems

Hat World — Natick, MA | Assistant Manager **June 2024 – August 2024**

- Supervised and mentored a team of 2 sales associates in a high-volume retail environment
- Achieved monthly sales targets through effective customer engagement
- Coordinated training and onboarding of new employees

LEADERSHIP

Club Soccer Captain — Stonehill College **August 2024 – Present**

- Lead a roster of 25+ players, organizing practices, match preparation, and team strategy
- Coordinate league scheduling and communication with NEPL officials
- Commit 20+ hours weekly to training, competition, and team management

Ron Burton Training Village — Hubbardston, MA **June 2021 – July 2023**
Chief (2023) | Huddle Leader (2021–2023)

- Led and mentored a team of 6 Huddle Leaders focused on leadership and character development
- Assisted in organizing events hosting athletes, community leaders, and organizational partners
- Mentored a group of 12 participants through leadership and teamwork training
- Delivered presentations to sponsors and participants

ACTIVITIES

Association for Computing Machinery (ACM) | Institute of Electrical and Electronics Engineers (IEEE) — August 2023 – Present
FinTech Club | LatinX Club | Business Analytics Club — August 2023 – Present
